

PREVENTER

Effective on most common annual weeds

1

Clear any existing weeds from soil. Sprinkle 20 g/m² over bare soil.

2

Water in, or apply before moderate/heavy rain (at least 10 mm), to activate.

The granules will bind to form an invisible barrier on the soil which stops any seeds below the barrier emerging.

ACTIVE INGREDIENTS

20 g/kg Oxadiazon and 5 g/kg Simazine in the form of a granule. HSN0 Approval Code: HSR000471

WEED WEAPON®

PREVENTER

GRANULAR BARRIER TO STOP WEEDS EMERGING

OUR PERSONAL GUARANTEE

PROUDLY NZ MADE

20 kg

READ LABEL BEFORE USE

- Weed Weapon Preventer is suitable for the selective control of weeds around ornamental trees and shrubs, and for total residual weed control on or around industrial areas, farmyards, buildings, fence lines, paths, driveways, railway lines, leisure areas, play grounds, and prior to laying concrete, asphalts and paving.
- Gives up to 3 months protection.
- Not suitable for use where soil may be disturbed (i.e. pets).
- Do not apply directly over plants that will funnel and collect granules around their leaf base.
- Not for use on lawns or around seedlings or creeping plants.
- Wait 90 days before replanting seeds or sensitive plants.
- Safe for children and pets once dry.

PRODUCT MUST BE UNDER CONTROL OF AN APPROVED HANDLER.

PRECAUTIONS

Wear eye protection and a respirator when using. Avoid skin contact and inhalation. Wash hands and exposed skin after use. Do not eat, drink or smoke when using this product.

WARNING

May cause liver damage through repeated or prolonged oral exposure. Suspected of causing cancer and damaging fertility or the unborn child. Do not breathe the dust.

ACTIVE INGREDIENTS

20 g/kg Oxadiazon and 5 g/kg Simazine in the form of a granule. HSN0 Approval Code: HSR000471.

FIRST AID

If swallowed drink 1-2 glasses of water or milk. Do NOT induce vomiting. Seek medical advice or contact the National Poisons Centre on 0800 764766. If INHALED or INGESTED and if feeling unwell seek medical advice, have product label at hand. If spilled on skin wash off with soap and water.

ENVIRONMENTAL CARE

Very toxic to aquatic life with long- and short-term effects, hazardous to soil organisms. Do not use on or over water. Collect spillage.

STORAGE/DISPOSAL

Store product securely in a cool dry place, away from children and foodstuffs. Rinse container 3 times and dispose of in recycling. As Kiwicare Corporation Limited has no control over the storage or use of this product, no liability is accepted for accidents or damage arising from the incorrect storage or use of this product. Store in a cool dry place away from direct sun.

DIRECTIONS

1. Apply by hand (wearing gloves) or with a spreading device.
2. Clear existing weeds by weeding or by using Weed Weapon Extra Strength.
3. Evenly sprinkle 20 g granules per square metre on bare soil surface.
4. Water in, or apply before moderate/heavy rain (at least 10 mm), to activate.

FOR BEST RESULTS

- Apply to bare, moist, compact soil surface.
- Do not dig in or disturb soil surface after application.
- Water protected areas during dry periods to improve effectiveness.
- Repeat applications should be made after 3 months or as soon as weeds reappear.
